RE: Denial Appeal Request #18-232; Source Documents for FOIA #18-139

Dear Mr. Harry;

The City Attorney FOIA Coordinator has forwarded to our office the communications regarding the FOIA you filed requesting records for Straight Life Pension, and your appeal of the denial of that information. Your recent appeal of the denial is defective because it does not confirm to the City of Lansing's FOIA Policies and Procedures adopted by City Council.

After a review of the communications from the City Attorney office, it is my decision, as the current City Council President, to uphold the denial of the documents.

If you choose to pursue this thru the Circuit Court and the Court determines that records have been arbitrarily and capriciously denied, it may accrue actual or compensatory damages, punitive damages (in the amount \$1,000.00), reasonable attorney fees, costs and disbursements.

Sincerely,

Carol Wood
City Council President
