9:00 PM

ON MARCH 3rd A [REDACTED] member came to my house. They had me get in the car. The next thing I knew I was at some rehab center. I didn't know where I was and they left me there.

These people acted as I can remember caring. They searched me took off all my cloths & went thru my belongings. They took my cell phone & my wallet. AS I sat in the so called green room with security a person came in & ask me if I had insurance. At the time I was under the influence of [REDACTED] & very [REDACTED].

I stated whatever I have its in my wallet. It seem like a few min went by & he returned. he had 2 authorization papers, one for my Debit card & one from my credit card. They were for withdraw for a total of 2 thousand dollars. &

They then took me to another place called the [REDACTED] house. It is a 3 story house app. 3,000 sq. ft. counting the basement. I spent 36 hr there, in

The first few min. of being there they started having me sign papers. I couldn't read them my [redacted] were not working. I said I didn't understand what was going on. They said that this was an [redacted] type recovery place and they were here to help me. They explained what the papers were. I couldn't understand any of it. If you look at my signatures it can be seen I could barely sign my name. Where I couldn't write they wrote for me.

I'm a totally disabled vet. Since Feb 2003, I receive DSI I have medicare & health Plus Insurance. The house is not handicap accessible. 15 stairs up to the bedroom and I'm on the top bunk. The furniture ~~was~~ was wore out & there are 12 other people there. They said it was a full house. I tried to tell them I can't climb stairs, but to no avail. I remember crawling up them and then into my bed. My bed was rock hard. I just passed out. I was there for 36 Hr before they took me to the main building.

(4)

Its About 100 yds AWAY. Stairs to go up & stairs to go down, Nothing WAS ON the same ~~lower~~ level, Food in the Lower level, Classed in the upper & my room app 200 ft down a hallway on the second level. Everything was concrete to walk on & the chairs were classroom style. My bed WAS ON the top bunk I had 2 other roommates.

I CAN'T WALK FAR LESS THAN 100 yds, stand long 10 min. NOR CAN I stay seated long 10 min, These ARE Life Long Limits. At my house Its handy cap ass, and bed & furniture is reclining. by Friday at 8:00 pm I told security I wanted to leave.

My legs were killing me in pain, & my back was throbbing intensely. They took hours it was one thing or another. This person & that person. All of them telling me that I would die if I left. I WAS now scared. But wanted to go Saturday around 2:00 pm they gave me my belongings, drove me to a town & then handed me my wallet & cell phone. My wallet WAS

(5)

empty & my phone was dead.  
They dropped me off at a  
homeless shelter in Battle Creek MI  
The shelter was closed until 4:00 PM  
That day. across the street was  
a check cashing & ATM, I was able to  
get money call a cab and get home.

I thought it was over. Monday  
I checked my BAL. on my BANK &  
found there was a lot of money gone.  
They told me they would stop all trans-  
actions & they gave me a readout of  
them. ON wed night 1000, Thur. the  
4th \$1,500 the 5th sat. 1000 & sun the  
6th 500, a total of 5,000 plus  
my credit CAR for 1,000. I only  
authorized 1000 from my signature on  
wed the 3rd of march. I'm asking  
the court for the entire amount be  
given back plus my pain & suffering  
I had & still am dealing with, because  
of the conditions of Forever Recovery

I called them on Monday the  
7th, talked to Steve Anderson with  
accounts, he stated that I still owed  
him \$6,000. but less just call it  
even <sup>he</sup> I said no. I tried to  
work it out on 2 other calls.

(6)

Then I asked for my paper-work he said I signed. Copies of it. He said he would have it for me, I drove there. He gave me the contract. I asked for my Bank authorization, statements. He said he didn't have them but would get them sent to me. I thanked him before I left. He told me if I had any other questions to call a number on a postit note on the front of the contract.

I called the # that Steve Anderson gave me, it was a lawyer office. I talked to

[REDACTED] & explained what happened. He said he was in the dark but would call me back. He hasn't as of March 24th. I've call 3 more times. on 3 days

I hope the court make a Judgment in my behalf.

Respectfully
