1. Download and become familiar with the program being used for the hearing, and test the video, microphone, and speaker controls.
2. If you are having technical issues, please review any technical support provided by the program or application.
3. Find a space that will have as few interruptions as possible. If you will be using video, make sure there is good lighting.
4. The remote court hearing is a court proceeding and therefore an extension of the courtroom — appropriate conduct and attire is required. The judge has control over the proceedings and participants as if they were present in the actual courtroom.
